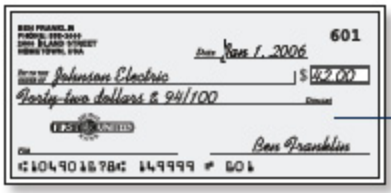
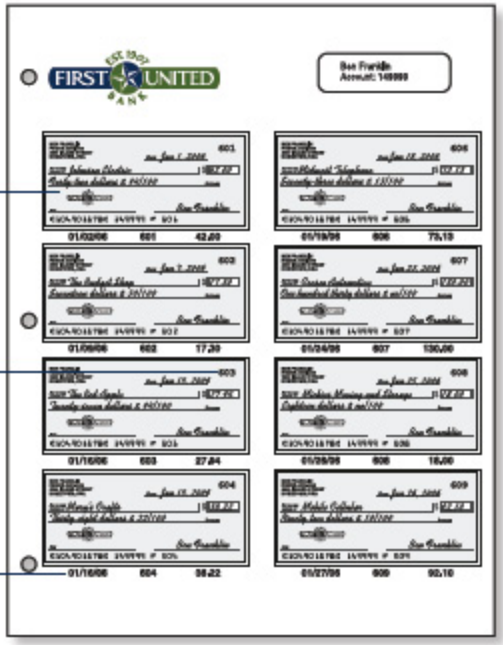
# FIRSTCHECK

With your First United Bank checking account, digital images of your cancelled checks are returned in order, neatly printed out on 8.5" x 11" sheets of paper which are three-hole punched and ready to store in this convenient binder. No more shoeboxes, no more overstuffed drawers. This is your guide to FirstCheck.

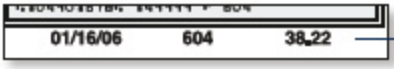


**1** This is an imaged reproduction of your actual check printed from optical disk. This document is acceptable in a court of law and by the IRS as your permanent record of proof of payment. There are 12 documents per page.



**2** Your checks are sorted by check number and returned in sequence. They appear in column order, beginning with the lowest check number.

**3** The three sets of numbers clearly printed below each check are for quick reference. They represent the date your check was processed by First United Bank, the check number and the amount of the check.



**4** Keeping track of your deposits has never been easier. Now a reproduction of all your deposit slips will appear at the beginning of your monthly statement.

**5** Your statement is unchanged, except now it is 3-hole punched for your convenience.

**6** Check retrieval is now faster than ever...and it's free. If you ever need a print-out of the front or back of any check, just call us. Your documents can be picked up, faxed to you in minutes, or mailed the same day (Monday thru Friday). You can even view your checks online with FirstNet, First United Bank's Online Banking System.
